

6-day TTEAM Clinic - October 31 - November 5, 2008
3-day TTEAM Clinic - October 31 - November 2, 2008
Pullen Arabians, Lakeland, Georgia

(We moved south last year from the Atlanta area and now have 40 acres 25 minutes off I-75 in south Georgia. It includes a barn, riding arena, permanent TTEAM Learning Course, a full perimeter riding trail around the property and a large TTEAM classroom for lectures, video viewing and discussions. It has a full bath, kitchen and lounge area. There is plenty of room for visiting horses so bring your own horse, or come and learn the Tellington TTouch Method with our beautiful Arabians.)

E-mail: cindy.pullen@gmail.com

Registration: Attached please find registration form for both the 3-day and 6-day clinics. They should be returned to the appropriate coordinator. See above.

Course content: **General:** The amount of hands-on practice you have will not depend upon your bringing a horse. Board priority will be given to participants of the 6-day clinic. See below for stabling information. Some time will be available to discuss with Edie Jane how you could work with a difficulty you may have chosen to leave at home!

3-day Clinic: TTEAM teaching consists of a lot of hands-on experience, demonstrations and discussion of concepts and techniques. Emphasis will be placed on observation and exploration of the difficulties presented by the horses at the clinic, and discussion and practice of appropriate ways to help these horses be successful.
Included will be the TTEAM techniques of TTouch, including ways to support veterinary crises and care, groundwork in the "Playground of Higher Learning" and, depending upon the horses present, riding using TTEAM tack - or no tack at all!

6-day Clinic: Building on the first three days (above) the course will go into greater detail with more riding, more hands-on with varied horses, and will include neck-line driving and ground driving. We will be able to address particular problems of interest to the participants or evident in the horses - such as trailer-loading, starting youngsters, dealing with vet and farrier issues and difficulties under saddle. This clinic qualifies as a TTEAM Practitioner Clinic.
